BUREAU VERITAS

BUREAU  
VERITAS

# INTRODUCTION

Bureau Veritas applies a client-focused approach to the delivery of our services, with a core focus and commitment to understanding our clients' individual business and industry requirements. Our highly qualified and experienced teams of technical staff and operators are dedicated to delivering the right solutions and adding value to your business.

Through the state-of-the-art facilities across the world, Bureau Veritas serves the local coal exploration and export markets by providing inspection, logistics and outsourcing solutions for all commodity products including solid fuel (coal, coke, bio fuel, biomass), ferrous minerals and metals, non ferrous minerals and metals, precious metals, wastes, E scrap, ferrous and non ferrous scrap and related other commodities.

As a client of Bureau Veritas, one can expect to receive open and transparent communication, ready access to results and status updates and assistance with interpretation of reports.
